REGISTER NOW: www.housingsummit.co.uk

Building on the work of the industry Think Tank 'The Futures Group', this conference will deal with the key issues including the housing market, regulation, planning, climate change, overheating and indoor air quality.

Attendance is **FREE OF CHARGE** to Modern Masonry Alliance and British Precast members, house builders, RSL's and local authorities.

All other attendees: £49 plus VAT.

Spaces are strictly limited please book early.

A guided tour of the housing market

Delegates will hear from a wide range of high quality speakers who will articulate the

Speakers Include

Jack Dromey MP

Shadow Housing Minister

Adrian Coles

OBE

Director-General Building Societies Association

barriers and opportunities for the delivery of multi-tenure housing.

The day will cover the market, finance, planning, regulation, standards and sustainability as well as looking at some innovative housing solutions.

Getting our housing model fit for the future is vital as our ageing population grows and we seek the growth and jobs we need for our economic security.

Who Should Attend?

- Private House Builders
- Public House Builders
- Planners
- Regulators
- Manufacturers
