Adrian Coles OBE

Director-General
Building Societies Association

Key topics

Economy

Housing Market

**Building Regulations
Planning and Localism**

Overheating

Red Tape Challenge

The housing event of the year for Private and Public Sector House Builders. This conference will deal with the key issues including regulation, climate change, overheating and indoor air quality building on the work of the industry think tank 'The Futures Group'

Key note speaker, Shadow Housing Minister Jack Dromey will set out the urgent need to build more homes and the benefits this will deliver in terms of jobs and growth. Adrian Coles, CEO of the Building Societies Association will discuss the mortgage market and we will also hear how public rented homes might play an important part in the future.

Attendance is **FREE OF CHARGE** to Modern Masonry Alliance and British Precast members, house builders, RSL's and local authorities.

All other attendees: £49 plus VAT.

Spaces are strictly limited please book early.
