Our new Government is committed to a major uplift in house building, creating jobs, growth, a balanced economy and social inclusion. This is critical as UK PLC must now deliver the world class economic performance we will need to compete in the fast growing global economy.

With devolution, de-regulation and new homes at the heart of the new Government's agenda we now have a mandate to address the big issues. These include land, planning, finance, skills and capacity to remove the barriers to building the homes we need to meet the demands of our growing population.

Design versus Performance, thermal bridging, fire prevention, overheating and indoor air quality are some of the many technical challenges the industry must address as we seek to make full use of our wealth of knowledge, explore greater collaboration and embrace the digital revolution to build better homes for the customer.

We hope you can join us at Arup Campus in Solihull for what promises to be a great half day event for all involved in the delivery of better homes. Delegates will enjoy:

- Free Parking at Notcutts Garden Centre – Junction 4 M42 and 5 minutes from Arup

- Full English Breakfast between 08:00 and 09:30  
Courtesy bus to and from Arup Campus

This half day annual event will bring you right up to date with the latest developments and the opportunities that lie ahead.

Please note that due to lack of parking at Arup we have organised free parking at the Notcutts Garden Centre off the same motorway island as Arup Campus. Full English Breakfast will be served at Notcutts Garden Centre between 0800 and 0930 and a shuttle service will operate every 10 minutes to and from Arup. The event will finish at 14.00.

Dress Down Friday and end "Construction Week" in style!

Please book early as spaces are strictly limited.
